FOTA ISLAND
RESORT

Sustainability Mission Statement of The Fota Collection

The Fota Collection recognises that it has a responsibility to the environment. Our aim is to comply with, and exceed where possible, our company's legal obligations and codes of practice. We are committed to reducing our environmental impact and continually improving our environmental performance. This is an integral part of our business strategy and operating methods. We hope to inspire our customers, suppliers, and other stakeholders to follow this example.

Our aim is for The Fota Collection Sustainability Policy to be embedded in our corporate culture.

Sustainability Policy

Fota Island Resort

FOTA ISLAND
RESORT

General:

- Compliance and Adherence to local, national, and international laws and regulations in relation to Land, Property, Construction, Built Environment, Health & Safety, Water, Waste, Wastewater & FOGS, Gas & F-Gas, Fire, Environmental, and Energy
- Room renovation projects and application of sustainability principles
- Analysing current and past performance
- Sustainable sourcing and use of Housekeeping products
- Housekeeping conservation practices and guest engagement
- Shoreline Clean-Ups- organised to clean up the shorelines of Fota Island particularly on the southern shores where the most amount of plastics and debris get washed up
- Provision of locally and ethically sourced goods and services
- Maintaining and enhancing the natural amenity and biodiversity by maintaining a continual programme of tree planting and participating in the “All-Ireland Pollinator Plan”
- Reducing pesticide usage on the Fota Island Resort three golf courses
- Maintaining a wild-flower meadow and encouraging plants and grasses to grow alongside the Fota Island Resort golf courses
- Planting pollinating friendly plants and shrubs across Fota Island Resort as part of the ongoing woodland replenishment programme
- Installation of beehives in various locations
- The Fota Island Adventure Centre implements a “Leave No Trace” policy
