

COVID-19 PROTOCOLS

Precautions & Actions

We are currently following all HSE suggested procedures and protocols throughout Fota Island Resort including encouraging social distancing where applicable and advising guests of HSE advice regarding mass gatherings of 100+ attendees.

The following actions have been taken throughout the Resort:

- All areas of the Resort have been deep cleaned and all commonly touched surfaces such as door handles, elevator buttons, tables, coffee stations, etc., are regularly cleaned and disinfected. We have also implemented and continue to enact more frequent cleaning within the Hotel, Golf Club, and Lodges.
- Hand Sterilisation Stations have been installed in all public areas.
- Covid-19 information signage has been put in place in all public areas of the Resort.

Protocols in place for Staff and Guests

Staff:

- All staff have been educated with regard to recognising the symptoms of Covid-19 and are aware of procedures to be adhered to, given any circumstance.
- Policies have been implemented for staff, to aid with liaising with guests or colleagues who have a confirmed case of Covid-19.
- Internal procedures have been implemented for all staff across The Fota Collection, including but not limited to handwashing protocols, implementing more hand sterilisation stations in staff areas, information shared regarding practising correct respiratory procedures (coughing/sneezing into elbow, etc), encouraging minimum of 1 meter distance from peers, etc.

Guests:

- We are encouraging guests who have visited an affected area or any guest who is currently feeling unwell to please not travel to the hotel.
- We are advising any guest who may feel sick whilst staying at the Resort to limit face-to-face contact with others and seek immediate medical help
